NUMBER NINE:

Golden Apples and the Nine Peahens (9 peahens) - Russia	Book 1 p.
---	-----------

NUMBER ELEVEN

Eleven is a tricky number and does not tend to be found in story or in nature. We recommend taking a time off the stories and just having the children choose and draw 11 of each of their favorite things.

NUMBER TWELVE

Twelve Swans (12 swans) - W. Europe	p.141
-------------------------------------	-------

NUMBER THIRTEEN

Twelve Swans (12 brithers, 1 sister) - W. Europe	p.135
Briar Rose (13 fairies) - W. Europe	p.141

NUMBERS ONE through SEVEN in one story

Story of the Sun Dance - American Indian	p.145
--	-------

- One Sun and one Sun Maiden
- Two days and nights in lodges
- Three people travel through the lodges, three people free him (Sun, Moon Woman, Morning Star; father, mother, child)
- Four lodges, four sweats in each, four animal helpers
- Five points on Morning Star, his helper
- Six sacred items of value to Sun
- Seven Wolves in sky (Big Dipper)
